Tequila

Jose Cuervo Reserva De La Familia 70cl

Every March Francisco Hajnal, Cuervo's Master Blender, raids (with the family's permission, of course) our private tequila reserves. In the Cuervo cellar he mixes that year's unique blend. We then hand-pour, wax-seal, number and label those few bottles "Reserva de la Familia". If you go to all that trouble you shout about it. So the Mexican artist of the moment gets chosen to design a one-off gift-box, just to make it easier for the lucky few to spot the few bottles of Reserva that are out there. And if you do miss it...there's always next year. Cuervo Reserva de la Familia, gained top position in 'The Ultimate Spirit Challenge 2012' competition, run by Ultimate Beverage Challenge, by receiving the Chairman's Trophy in the Extra Añejo, 100% Agave category. Also, has awarded the Master Medal 2012 in the annual awards, run by The Spirits Business magazine.

Jose Cuervo Especial Silver 70cl

Jose Cuervo is the producer of the world's No.1 Tequila brands. Proudly made in Mexico, Jose Cuervo Especial Silver has an exciting taste profile unlike any other Premium Tequila; this unique character results from blending young "Blanco" (or colourless) Tequilas with specially selected Tequilas that have been mellowed in oak barrels. This process makes for a smoother, more balanced tequila with an inviting, fresh aroma and a clean, crisp finish. The taste is smooth, with a touch of sweetness, which makes it perfect for drinking straight up as a shot, accompanied by a lime wedge and a sprinkling of salt. Other perfect serves include Jose Cuervo Especial Silver on the rocks, or with a twist of lime.

Don Julio Blanco 70cl - Don Julio Reposado 70cl - Don Julio Anejo 70cl

Tequila Don Julio is a brand built on a tradition of exploration in the world of tequila, making it one of the most celebrated spirits in history. But behind the brand is the story of one man - a man whose visionary quest for exceptional tequila produced the ultra-premium line of Tequilas that have become legendary in their own. Don Julio González dedicated his life to innovating and perfecting every aspect of the tequila making process. He chose rich terrain that grows a sweeter agave plant. He insisted on the hand-harvesting of individual plants as they ripen. He developed and refined fermentation and distillation techniques to accentuate the liquid's flavours. And he aged his tequila in the finest American whisky barrels. When he retired, Don Julio's legacy to the world was the finest tequila ever produced.
